Throng Hears Harding's Speech at Marion  
STANDARD BEARER THROWS  
OVER WILSON LEAGUE PLAN,  
CALLS IT MISTAKEN DREAM

BY PHILLIP KINSLEY.  
(EXCLUSIVE DISPATCH.)

MARION (O.) July 22.—In accepting formally the nomination of the Republican party for President, Senator Harding, speaking before hundreds of his party and thousands of neighbors and visitors from all parts of the Middle West overboard the Wilson League of Nations as a "mistaken dream," and it with or without reservations; called for a peace by Congressional action, and a new association of nations that would leave America free to help the world in her own way.

Principal in Marion "Surprise Party."

Latest Photograph of Senator Harding.

Thousands thronged the little city in Ohio yesterday to attend what Senator Henry Cabot Lodge termed a "surprise party" on Senator Harding, nominee of the Republican party for the Presidency. The speech of notification was delivered by Senator Lodge, and was replied to by Senator Harding, both addresses in full printed in this issue of The Times.

HARDING SHAKES HANDS WITH MEMBERS OF CALEDONIA BAND.

BY A. P. DAY WIRE.

MARION, July 22.—When the Caledonia Band marched into the lawn wheezing out its old-time melodies, Senator Harding came down from the front porch and shook hands all around. He told the band leaders that they were the best he had ever heard of, and that he was their trombone player, but his old-time companions insisted he was wrong and assured him that he was greatly missed.

While the Columbus Glee Club was singing, Theodore Roosevelt climbed up over the porch rail and shook hands with Senator Harding. The crowd cheered and the nominee led Col. Roosevelt to the front steps and presented him to the club as "the son of a great American, for whom you have sung often in the past." The colonel responded briefly.

Thousands of women were in the parade. One man stirred a flurry of feminine cheering when he carried past a banner announcing that "my wife is for Harding, too; it's the first time we have ever agreed."

Many far distant States were represented. A motor party from Florida rolled past with a banner reading "Florida for Harding" in the lead.

ACCEPT UNDER PROTEST.

All but One of Sixteen Unions Take Action on Rail Wage Award.

BY A. P. NIGHT WIRE.

CHICAGO, July 22.—Acceptance under protest of the United States Railway Labor Board's wage decision was decided upon at an executive conference here tonight by all of the sixteen recognized railroad unions except one, was announced following the meeting by Timothy Shea, Grand Chief of the Brotherhood of Locomotive Firemen and Engineers.

The one exception was the Brotherhood of Railway Telegraphers, which referred the award to its membership together with a strike proposition. The fifteen other organizations decided that they would renege their case before the labor board.

WASHINGTON, July 22.—Discussing the wage award of the Railway Labor Board, Samuel Gompers, president of the American Federation of Labor, in a statement tonight declared that while the railway employees are disappointed that it is not a fairer decision of their needs, but it must not be forgotten that if the award had been so low as to compel consideration of other means of redress, the men could have struck only at the risk of injuring their own cause.

"There are other phases of the railway situation equally serious. The country wants to know how this wage increase is to be met. The problem of how even to come to an adequate wage in one that is causing all manner of authorities and would-be authorities to gasp in amazement and hunt for a solution.

"This whole clamor and speculation is an evidence of the intellectual bankruptcy of railway statesmanship and of railroad operating genius. The matter has thus far brought forth only two proposals—direct and indirect taxation. We are told that freight rates must be increased to meet the extra costs. If they are not increased the extra cost must be met by the government.

"It does not seem to have occurred to either the government or the railways that it might be possible to increase railway operating efficiency to a point that would eliminate the extra cost. I venture to say that it is possible.

GERMANY TO BAR ALLIES FROM SEND AN ARMY ACROSS HER BOUNDARIES

(BY CABLE AND ASSOCIATED PRESS.)

WARSAW, July 22.—The plans of the Russian soviet government for controlling Poland's population in connection with the offensive aimed at conquering the Polish republic, were made more than a month ago, according to Russian newspapers reaching Warsaw dated June 11. On this date the Izvestia, official organ of the central committee of the Moscow soviet, published the following:

ARMED AID FOR POLES.

French and British Missions on Way.

BY CABLE AND ASSOCIATED PRESS.

PARIS, July 22.—The Allies have decided to take measures preparatory to giving military aid to Poland, if that should prove necessary, it was learned today.

A French mission headed by Jules J. Jusserand, French Ambassador to the United States, who is home on leave, with Gen. Weygand, right hand man of Marshal Foch, and M. Vignon, a close collaborator with Premier Millerand, will leave tonight for Warsaw to arrange for prompt success to the Polish cause.

On the same train, and with the same object, there will be a British mission headed by Lord Abernethy, British Ambassador at Berlin; Gen. Radcliffe and Sir Maurice Hankey, FULL SWAY GIVEN.

These missions, it is learned, have been authorized by the British cabinet, and will be accompanied by the Poles that whatever aid is needed, whether military or financial, or in the nature of supplies, will be forthcoming if the Bolsheviks persist in a design to march into distinctly Polish territory.

It is stated unofficially, but on high authority, that this means help for Poland in the form of troops, if they are required.

Already a large number of Allied officers and subalterns are with the Polish army, which, it is declared, will be increased according to circumstances, with as many divisions of infantry, tank detachments, air forces and artillery as may be transported in time.

MAY SAVE WARSAW.

WASHINGTON, July 22.—Army officers and officials of the State Department who have been studying the Polish situation, the most likely opinion unofficially to-day that Warsaw can be saved from the Bolsheviks only if adequate support is available within the next few weeks.

The government was without official advice of the reported decision of the Allies to send troops, if necessary, into Poland to check the forward movement of the Russians.

It is believed here that the Allies will probably not suggest participation by the United States. Unless an agreement can be reached to send Allied troops through Germany, the most likely route for their movement is through Italy, German-Austria and Czechoslovakia.

TROOP MOVEMENT TIME.

Officials here have estimated that such movement would require at least a month, whereas by putting the armies across Germany it would be possible to detain them in Poland in less than a week. Germany's agreement to such action was doubted here.

Notwithstanding the difficulties officials foresee in the movement of troops into Poland, satisfaction was expressed at the decision of the Allies. These officials professed to believe the mere announcement that aid was coming would go far toward improving the morale of the Polish government and army.

HEMINGWAY IN TURKS.

CONSTANTINOPLE, July 21.—Greek troops advancing northward from Rodosto and other Marmara ports occupied Chorti and Muradi this afternoon. Both towns are on the Poles in Volhynia and southward are the Greeks and the Allies.

The Turks, who are under the command of Col. Jafar Teyar, are being hemmed in by Greek forces advancing from the east and west.

RUSSIAN SUCCESSES.

LONDON, July 22.—Further successes for the Bolsheviks against the Poles in Volhynia and southward are reported in Wednesday's soviet communication from Moscow, received by wireless today.

The statement shows that the Bolsheviks have crossed the old Galician boundary line to the southeast of Lemberg, from which town they are still, however, about 100 miles distant.

Middle West Sugar Men After Help.

KEOKUK (Iowa) July 22.—

Scant labor for the beet fields in Michigan, Wisconsin, Nebraska, and Ohio is sending sugar men into the corn and wheat belt in search for hands.

Beet sugar, they say, is the key to sugar prices next year, and the harvest next fall depends on the farm-labor situation.

This year there is a great increase in beet acreage, but the drop in

RUSS-POLE TRUCE SOUGHT.

French-British Mission is Hurrying to Warsaw Trying to Avoid Disaster.

BY HENRY WALES.

(EXCLUSIVE DISPATCH.)

PARIS, July 22.—Special trains are tearing across France and Germany for Warsaw, carrying a mixed French-British mission, composed of Ambassadors to the United States Jusserand, who is home on leave; Gen. Weygand, chief of the Foreign Office; M. Vignon, Sir Maurice Hankey, Gen. Radcliffe and Lord Babernon, now British Ambassador to Berlin, to try to arrange an armistice between the Poles and the Bolsheviks.

Germany's proclamation of neutrality caused Premier Millerand to summon Lord Derby. As a result of the conversation Lord Derby telephoned the Prime Minister, Lloyd George, returned to the Foreign Office and the mission was organized immediately.

Just how the world would accept such a bewildering transition and its consequences in neighboring nations are of interest and importance even to our isolated Uncle Sam.

ENEMY A WINNER.

The enemy program is developing favorably both on the field of diplomacy and on the field of battle. In the former, the Reds took the initiative and eliminated the Allies from purporters on the Polish question—a move which can result only favorably to them.

In the latter their troops, although checked in the southeast and south, continue their progress in

DOZEN MORE ARE KILLED; IRISH RIOTING RENEWED.

(BY CABLE AND ASSOCIATED PRESS.)

BALLINA (County Mayo) July 22.—Police Sergeant Armstrong was shot dead and Constable Regan seriously wounded today during an exchange of shots with a masked mob.

ENLISTMENT, July 22.—Two civilians were shot dead and another civilian seriously wounded near here last night in a clash with two officers and two men of a Scottish regiment.

CORK, July 22.—Armed raiders early today attacked the Howe's Strand coast guard station near Kinsale, and after an hour's siege forced their way into the station and overpowered the marines on guard.

The raiders made their escape with rifles and ammunition. One sailor is reported killed. The military has been dispatched to the scene.

Two young men were shot dead near Mitchellstown, County Cork, in an encounter with soldiers.

(BY A. F. NIGHT WIRE.)

TOKIO, July 22.—(By mail to San Francisco. Residents of Hiroshima Province, Japan, from which district many emigrants went to California, have dispatched to the citizens of California a memorial protesting against proposed legislation affecting Japanese residents in California.

"We, the people of the Prefecture of Hiroshima in the Empire of Japan," the petition states, "who are closely connected with your State, must beg through our representatives, most sincerely to express our earnest desires and appeal to all in the nature of the citizens of your State."

Speaking of the work of Japanese in California, the petition states: "The people of the San Oka (San Joaquin) which was once overgrown with weeds, has become a very famous potato growing region."

"The wilderness of Fresno which was, in days gone by, abandoned to squirrels and other wild creatures, is now a noted place for raising that have become renowned all over the world."

FEELING IS DISCUSSED.  
Discussing display of feeling in California against the Japanese the petition states: "This sort of misunderstanding comes mainly from the difficulty of conforming our customs and habits to those in America—a difficulty which cannot be easily removed, and often puts us in a very difficult position."

"Fifty years ago when our country was less developed we were conservative enough to cry for exclusion of foreigners. Is history to be repeated in the sense that we are ourselves to suffer from the same spirit of conservatism in your State?"

"The whole area of your State appears to be 155,193 square miles and to contain about 800,000 farmers engaged in the cultivation of about 2,000,000 acres, against which there are 1396 Japanese holders of leased farms occupying 336,721 acres and 575 Japanese families who possess 52,515 acres, and 2808 other Japanese who are engaged in farming. Under these circumstances it seems unreasonable that in the vast area of your State room should not be found for the above mentioned Japanese."

**MIDDLE WEST NEWS IN BRIEF.**

[EXCLUSIVE DISPATCH.]  
DETROIT, July 22.—An appropriation with which to purchase a hydroplane for patrolling the Detroit River against whisky smuggling will be asked of the County Board of Auditors at its next meeting by Sheriff Irving J. Coffin.  
The Sheriff Tuesday declared thousands of cases of Canadian whisky are being smuggled across the river into Detroit each week. Despite the activities of all of his force they are unable to cope with the situation, he said. The smugglers used fast motor boats that easily outrun the vessels of the officers.  
Philip G. Leitchman, president of the Broadway Strand Theater Company, has obtained a twenty-five-year lease on the Ferry Field Theater. The house has the reputation of being one of the most prosperous neighborhood theaters in the city. The consideration involved is more than \$700,000.  
Emma King, 4-year-old daughter of Mrs. William King, 1433 Sixteenth street, was crushed to death by an automobile driven by Mrs. Anthony Maullio of Detroit, near Madison.  
Miss Hazel White, 30-year-old, recently secretary of the manager of the National Lamp Company in Cleveland, shot and killed herself at Six Mile Road and Hamilton Boulevard yesterday.  
DENVER.  
DENVER, July 22.—Mr. and Mrs. A. J. Campbell announce the engagement of their daughter, Dorothy, to Philip P. Friedrich, manager of the Lakeside Amusement Company. Hugh R. Steele and Alexander Young are candidates for the Republican nomination for State Senator, and James M. Starkweather, for Lieutenant-Governor.  
Federal Dist. Atty. Tedlow is being looked for the Democratic nomination for Governor.  
Official reports show an increase of a million tons of coal mined in Colorado for the first half of 1920 compared with the corresponding period last year. Retail prices are steadily advancing.  
Physicians yesterday announced a second blood transfusion is necessary to move the life of Attorney Caldwell. The transfusion was given by Mrs. Eleanor Blake has filed divorce proceedings against Stephen F. Blake, manager of the Home Investment Company, charging cruelty.  
DES MOINES.  
DES MOINES, July 22.—The City Bank, a private institution at Jefferson, has closed its doors because of slow collections, due to the car shortage which has prevented farmers from realizing on their grain and stock. Jay Wiggins of the Farmers' and Merchants' Bank of Des Moines tried to Des Moines with currency, fearing a possible run.  
Cecil Case, engineering student at Ames, was drowned at Independence. Percy will have Sunday theaters and movies.  
George Manning was killed by lightning at Charles City while riding on a hay rack near his home.  
Dr. Herbert Scott of Zanesville, Ohio, has been called to the First Methodist Church of Des Moines.  
KANSAS CITY.  
KANSAS CITY (Mo.), July 22.—The alleged overcharging of visitors in Kansas City by "wild cat" taxi drivers must stop, according to Judge Edward Fleming of the South Side court. Yesterday he ordered all taxi drivers operating between Union Station and the downtown districts to post signs showing prices charged in their cars.  
There was emphasis and fire to every word uttered by Charles M. Hay of St. Louis, a candidate for the nomination for United States Senator on the Democratic ticket, when he informed a delegation of fifteen Democrats from over the State that he would not quit the race in behalf of Breckinridge Long.  
The new downtown parking ordinance is in effect today. Mayor Cowgill has signed the measure. Traffic officers were instructed to begin enforcement of the law at once.  
Mayor Cowgill has left for a two weeks' vacation in Colorado.  
INDIANAPOLIS.  
INDIANAPOLIS, July 22.—The House this afternoon in the special session of the State Legislature passed a war memorial bill which includes a \$2,000,000 appropriation for a building, and St. Clair Park and the blind institute grounds as a site for the proposed building.  
The Indianapolis Real Estate Board completed arrangements yesterday for holding a State fair and picnic at Broad Ripple Park, Saturday afternoon.  
A number of Indianapolis women will attend the third convention of the National Association of Altruists Clubs which will be held at the Congress Hotel in Chicago the last of this week. Among those who will go are Dr. Mary Westfall, president of the local chapter.  
Lemonade spiked with hair tonic was the beverage being served today at the home of Russell Fulks when Lieut. Jones and Serg. Voldeau raided the place and arrested Fulks, his wife and four others. All were in a hilarious mood and were causing a disturbance, the police said.  
Fulks and his wife were stated on charge of operating a "blind tiger" and the other persons, a woman and three men, were charged with drunkenness. Twenty-one bottles of hair tonic were confiscated in the raid.  
ST. PAUL.  
ST. PAUL, July 22.—Sugar prices have taken a tumble of 5 cents in the St. Paul market, due to heavy receipts. One wholesaler said: "So much sugar came into the city we did not know where to put it, so prices dropped." The retail price is now 25 cents a pound.  
The greatest stream of freight cars in the history of railroading is pouring into the Northwest under the direction of the Interstate Commerce Commission. The Great Northern Railroad is daily receiving hundreds of its allotment of 9750 cars; the Northern Pacific has received \$200 of the 14,000 it is to get, and the Omaha Railroad is to get 1800 from the Pennsylvania system. Gov. Burnquist has been urged to call a special session of the Legislature to provide money for the payment of bonuses to service men. A committee of St. Paul, N. D., American Legion, asked this action.  
MILWAUKEE.  
MILWAUKEE, July 22.—The Milwaukee Rent Bureau, acting under authority of the Wisconsin Railroad Commission, on Wednesday reduced the rents of three apartment buildings in the building owned by Matt & Thielens from \$50 to \$25 on the ground that the rate was un-

**MARRIAGE COST MAY BE DOUBLED**

Indiana Bill Would Require Doctor's Certificate.  
Would Make License Cost \$4 Instead of \$2.  
Measure Now is up to Senate and Governor.  
[EXCLUSIVE DISPATCH.]  
INDIANAPOLIS, July 22.—Even Cupid is not infallible to the H.C.L. In fact, it may cost more to get married in Indiana.  
Whether a marriage license will cost an additional \$2 in the future now rests entirely with the Senate and Gov. Goodrich. After a debate lasting practically throughout the entire afternoon session, the bill amending the marriage license law with provisions that licenses may be issued only to those who have a physician's certificate was passed by the House of Representatives under a suspension of constitutional rules, by a vote of 71 to 14.  
More than half the members of the lower house participated in the discussion which preceded the passage of the measure.  
Approximately a dozen amendments were introduced which were either thrown out at the outset or passed and later reconsidered, and at the end of one hour the bill was in its exact original form.  
The bill as passed is the same as it was when introduced by Representative James A. Craig, physician of Johnson county, with the exception of the striking out of the clause which would excuse those having a conscientious objection to taking an oath from submitting an examination report and inserting a clause which fixes the price of a physician's certificate at \$2.  
The bill provides that no license to marry shall be issued except on written and verified application accompanied by a physician's certificate. Applications for physician's certificate to marry, which shall be provided by the State Board of Health, is provided for in the revised section of the bill. In addition to the fixing of the certificate price at \$2.

## WILSON VISIT DOOMS COX.

Says Democratic Leaders Have Given Up Hope.  
Governor is Coat for All of Administration's  
Blunders for Eight Years.BY HARRY CARL.  
(EXCLUSIVE DISPATCH.)Foreign voters do as he told them  
in spite of their hatred of the  
Wilson administration.The meeting between Cox and  
Wilson and the announcement that  
Cox had taken up the burden of  
the Wilson policies makes the task  
of keeping the foreigners in line  
very much more difficult. The  
Democrats frankly admit that they  
doubt now if Tammany can deliver  
the goods on election day.The adherents of Cox are con-  
vinced blood in the efforts to con-  
vince the foreign vote of New York that  
the visit of Cox was purely a piece  
of politics and did not mean a thing  
and placed no mortgage on the fu-  
ture of Cox after he gets in the  
White House.Strange to say, however, the can-  
didates will stand or fall upon their  
foreign policies this year. The Irish  
voters will forgive a candidate any-  
thing except a smile for England.GIVES UP HOPE.  
One of the foremost leaders of  
the Democratic campaign in New  
York told me that he had given up  
all hope."When the convention was ad-  
journed I felt that it was sure to be  
a Republican year," he said. "Later  
when I got out through the country  
I found that Cox had unexpected  
strength. I came to the conclusion  
that we had an excellent chance of  
beating the Republicans, particularly  
along labor lines. Since the visit of  
Cox to the White House I have  
changed my mind. I think this will  
split the labor vote in a million  
places. An Irish labor union man  
hates England worse than he loves  
the union."At the same time I think that  
Cox will run stronger than the Re-  
publicans anticipate. Harding will be  
elected this fall by a narrow major-  
ity. If he lives, he will run for a  
second term four years from now  
and will be defeated by McAdoo."McAdoo was sincere in not want-  
ing to be a candidate. He felt that  
he could not afford it financially or  
politically. He knew that the can-  
didate this year would be doomed to  
be wrecked either by President  
Wilson or because of him."If he accepted the President's dic-  
tation, he would go down with the  
wreckage of the Wilson administra-  
tion. He flouted the President, he  
would go down in the wreck of a  
divided party. This was no kind of a  
game for a foxxy old fellow like Mc-  
Adoo. He wisely stayed out of the  
mix-up."He could have been nominated if  
he had been willing to promise all  
of the New York Federal patronage  
to Charles Murphy. This he would  
not do. McAdoo is already making  
his plans to run four years from  
now."There will, by then, be a sort of  
reaction in favor of President Wil-  
son. His really great works will be  
remembered and his intolerable per-  
sonality will have been softened by  
time. That will be the hour for Wil-  
liam Gibbs McAdoo."Lost" Vessel Reaches Port.  
(BY A. P. WIRE.)  
SAN FRANCISCO, July 22.—The  
schooner Bianca, which had been re-  
ported long overdue while on a trip  
from Vancouver to South Africa  
points, put in at Port Natal, in the  
British colonial possession of Natal,  
yesterday, according to cable ad-  
vices received by the marine de-  
partment of the Chamber of Com-  
merce here today. The Bianca had  
been given up for lost.CONTEST LOOMS  
TO GET LABOR.

(Continued from First Page.)

available labor has been even greater  
than in the case of the grain  
laborers. This is ascribed mostly to  
emigration. Beet factory men say  
that in years past the great bulk of  
the workers in the fields have been  
foreigners, mainly Slavs. The cut-  
ting off of immigration since 1914  
has reduced the flow of comestible  
labor, just as it has in the case of  
steel, iron and other industries. On  
top of that, immigration back to  
Europe since the armistice has  
pulled down the supply.In the last two days, this pil-  
grimage has run across three beet  
sugar men, managers of factories in  
Michigan, Ohio and other beet  
States, out skimming for men in the  
cities through which passes the  
flow of transient harvest labor. One  
had been to Cincinnati. The others  
had been combing the employment  
agencies in Denver, Kansas City,  
St. Louis, Omaha and Chicago. All  
were looking unhappy.BET MEN SUFFER.  
"The beet raisers are vastly  
worse off than the wheat growers,"  
said one sugar maker."High prices of sugar have re-  
sulted in an expansion of the beet  
fields, but it's hard to get men even  
with a ripe tooth comb, no matter  
how much you boost the wages."Our company, for instance, gets  
the farmer to plant the beets and  
agrees to furnish men to take care  
of the crop. We are now paying  
\$28 an acre, as against \$22 two  
years ago, to men for caring for  
the crop. One man can handle  
fifteen acres. It means only a few  
days' work now and then, and the  
rest of the time the man can work  
for the farmer and make extra  
money. He has his house and his  
living. Some are able to pull out  
at the end of a season with \$100, or  
\$1200, and 90 per cent of this is  
velvet. Yet it seems men would  
rather work in greasy overalls  
screwing bolts in some  
factory for \$5 or \$6 a day, and will  
spend it all on living expenses, and  
gas for the flivver, than take a job  
in the country where a laborer can  
salt away nine-tenths of his jack.  
The automobile industry has turned  
the labor market topsy turvy, and  
has knocked the gears of other in-  
dustries and of farming out of ad-  
justment."Here, brother, is the humble beet,  
the greatest economic plant that  
grows. It produced 750,000 tons of  
sugar in this country last year. It's  
an important factor in determining  
sugar prices. And here we are of-  
fering and paying to cents an  
hour for common field labor, and  
yet are unable to get it."It's not the movies and the  
bright lights altogether, for nowa-  
days the farm hand has to be taken  
to the village in the automob-  
ile a couple of nights a week to get  
a slant at Charlie Chaplin and Mack  
Sennett's bathing beauties, and he  
gets as much recreation as the  
ordinary city worker. Oh, well, we'll  
get the crop in somehow—harder  
work for the farmer, but he's al-  
ways ready to tuck in and give  
other industries a lesson in unstint-  
ed output."Meanwhile, high sugar prices are  
affecting fruit canning. In some  
fruit belts, the probable output of  
preserves has been cut in half.FRUIT PACKAGES MUST  
SHOW EXACT AMOUNT.(EXCLUSIVE DISPATCH.)  
WASHINGTON, July 21.—Warn-  
ing was issued today by the Depart-  
ment of Agriculture to shippers of  
fruit and vegetable that inter-State  
shipments in package form must  
bear a statement of the quantity of  
each package.VON BRINKEN NOW  
"ROGER BECKWITH."FORMER MILITARY ATTACHE  
AT GERMAN CONSULATE  
HAS NAME CHANGED.(EXCLUSIVE DISPATCH.)  
SAN FRANCISCO, July 22.—Wil-  
helm Von Brinken, formerly mili-  
tary attache of the German consulate  
in this city, has been granted per-  
mission to change his name to Roger  
Beckwith by Superior Judge Ber-  
nard J. Flood. Von Brinken was  
represented by Judge Henry M.  
Owens.Asked by the court for his reason  
for the selection of the name "Roger  
Beckwith," the petitioner informed  
the court that he had English rela-  
tives of that name. There was no  
opposition to the change, which was  
originally requested, because of the  
notoriety suffered by the petitioner  
during the World War.Beckwith, as he is now known,  
will receive his final decree of di-  
vorce from Mrs. Milo Abercrombie  
within a few days. She was granted  
an interlocutory decree of July 22,  
1918. Beckwith announced that he  
no longer opposes her action.

## THE RULE OF WAR VETERANS

It is folly to close our eyes to

one pretends to deny the inequalities which are manifest in modern industrial life.

They are less in fact than they were before depression had ground-

Understanding facts. Humanity is in trouble, much of the world is in revolution, the agents of discord and destruction have wrought their tragedy in pathetic Russia, have brightened their torches among other peoples, and hope to see America as a part of the great Red conflagration.

Our cause is the temple of our defense. We call to the sons of opportunity to its defense. America must not only save herself, but ours must be the appealing voice to sober the world. More than all else the present-day world needs understanding. There can be no peace save through

the domination of the individual to the

other plan means anarchy and its  
rule of force.

It must be understood that toll

dition of the world.

[illegible]

The chief trouble today is that the World War wrought the destruction of healthful competition of our storehouses empty and there is a minimum production when our need is maximum. Maximum, not minimums, is the call of America.

...to the economic system, and to commit the country to a new, more realistic economic policy of production. War also established its higher standards for wages, and they abide. I wish the latter were to abide. On one condition: that the wage-earner will give full return for the war against the economic system, and to commit the country to a new, more realistic economic policy of production. War also established its higher standards for wages, and they abide. I wish the latter were to abide. On one condition: that the wage-earner will give full return for the war against the economic system, and to commit the country to a new, more realistic economic policy of production.

Mark you, I am ready to acclaim the highest standard of pay, but I could be blind to the responsibilities that mark this fateful hour if I did not mark that mounting wages in America, that mounting wages and increased production can lead only

Industrial and economic ruin.  
**MORE PRODUCTION.**  
 I want somehow to appeal to the sons and daughters of the republic, every producer, to join hand and heart in production, more production, honest production, patriotic production, because patriotic production is the only way to secure cause security and the majesty of the law are the first essentials of liberty. He who threatens destruction of the government by force or fraud, the government for lawful authority, ceases to be a loyal citizen and forfeits his rights to the freedom of the republic.  
**ORDERLY CHANGES.**

Let it be said to all of America that our plan of popular government contemplates such orderly changes as the crystallized intelligence of the majority of our people think best. There can be no modification of this underlying rule, but no majority shall abridge the rights of a minority.

"Men have a right to question our system in full and with freedom, but they must always remember that the rights of freedom impose the obligation of responsibility. Our policy is not of repression, but we make appeal today to American intelligence and patriotism, when the republic is menaced from within."

recognize any conflict of interest among the participants in industry. The destruction of one is the ruin of the other, the suspicion or rebellion of one unavoidably involves the other.

In conflict is disaster. In understanding there is triumph. There is no issue relating to the foundation of this country which is more important than the rights of the citizen. We call on all America for steadiness, so that we may proceed deliberately to the readjustment which concerns all the people. Our party platform expresses the conscience of Republicans on industrial relations.

But no party is indifferent to the welfare of the wage-earner. To us his good fortune is of the deepest concern. But we seek to make that good fortune permanent.

We do not oppose, but approve collective bargaining, because that is an outstanding right, but we are not against it, because it is a dangerous, undemocratic, equally

understand the significance of the military situation, the necessities of the war, and the wage-earners to understand the problems, the anxieties, and the obligations of management and labor, and all of them must understand the obligations to the people and to the country.

come the unanimous commitment to economic justice and in economic justice lies that social justice which is the highest essential to human life. That government's obligations are alike to all the people. That if we may do more than merely discourage the losses and sufferings attending industrial conflict. The strike against the government is properly denied, for government service involves none of the elements of profit which relate

## NOTIFICATION HIGH LIGHTS

No man is big enough to run this great republic. There never has been one. Such domination was never intended. Tranquility, stability and dependability—all are assured in party sponsorship, and we mean to keep the assurances which were strained in the cataclysmic war.

In the name of democracy we established autocracy. We

I promise you formal and effective peace as quickly as a Republican Congress can pass its declaration for a Republican Executive to make. We may turn to our re-adjustment at home and proceed deliberately and reflectively to that hoped for world relationship which shall satisfy our conscience and aspirations and still hold us free from material bondage.

If the mistaken voice of America, spoken in unadvised haste, in Europe, in the hour of deepest anxiety, into a military ultimatum, menaces peace and threatens all freedom, instead of adding to their woes, then we must speak the truth for America and express our hope for a fraternized conscience of nations.

No surrender to a world council or its military alliance, no mandatory, however appealing, ever shall summon the sons of this Nation to war. Their supreme sacrifice shall only be asked for America's call of honor. There is a sanctity in that right we will not desert.

There is no progress except in the stimulus of competition—natural, fair, impelling competition—is suppressed by law, compact or conspiracy, we halt the march of progress, the voice of aspiration, and paralyze the will for achievement.

I wish the higher wage to abide, on one explicit condition: the wage-earner will give full return for the wage received. It is his insurance we can have for a reduced cost of living.

I decline to recognize any conflict of interest among the parties.

Profiteering is a crime of commission, under-production is a crime of omission. We must work our most and best, else the destruction will come. We must stabilize and strive for normalcy, else the reaction will bring in its train, sufferings, disappointments and ruin.

Any American has the right to quit his employment, as has any American the right to seek employment. The growth and the

the individual and we must discourage groups preying upon one another. We must not allow the government to be a law unto itself and none shall be allowed to forget that government's obligation is to all the people.

We debased the dollar in reckless finance, we must restore its value. Deflation on the one hand and restoration of the 100-cent dollar on the other ought to have begun on the day after the armistice, but this was lacking or courage failed. The unpreparedness for peace was the costliest and unproductive of war.

Let us call to all the people, for thrift and economy, for sacrifice, if need, for a nation-wide drive against extravagance, to a recommendation to simplicity of living, to that prudent and sane life which is the health of the republic.

Contemplating the defenselessness of the individual farmer, the organized buyers of his products and the distributors of the farmer buys, I hold that farmers should not only be permitted but encouraged to join in co-operative association to reap the just fruits

People ever will differ about the wisdom of the enactment of the law, but there is divided opinion respecting the Eighteenth Amendment and the law enacted to make it operative—but there can be no difference of opinion about honest law enforcement.

example of representative democracy and orderly liberty by its manly is inspired to higher accomplishment.

the justice of artificial drives on prices to recall that they were not put against his products in the hands of the producer and never effective against the same producer in passing to the consumer.

Contemplating the defenselessness of the individual farmer against the organized buyers of his products and the distributors of the things the farmer buys, I hold that the farmer could not be permitted but encouraged to join in

co-operative association to reap the  
 just measure of reward for the  
 services rendered to the nation.  
 We will attempt intelligent and  
 courageous denunciation and strike  
 at the economic horridness which  
 enlarges the evil, and we will attack  
 high cost of government with every  
 remedy and facility which attend  
 increased capacity.  
 We promise that relief which will  
 attend the halting of waste and  
 the reversal of the general trend  
 of practice of public economy, not

alone because it will relieve the tax burdens, but because it will be a means to stimulate the economy in private life.

**IRREFUTABLE TRUTH.**

I have already alluded to the necessity for the fullness of production, and we need the fullness of service which is the fullness of exchange. Let us speak the irrefutable truth, high wages and reduced cost of living are in utter

## G. O. P. Presidential Campaign is Started Here With a Bang.

Hon. Warren G. Harding

Hon. Calvin Coolidge

Chairman Edwin Meserve Addressing the Big Harding-Coolidge Ratification Meeting at Trinity Auditorium Last Night.

## REPUBLICANS UNITED ON HARDING AND COOLIDGE.

### Party's Divided Elements Fused Into Harmonious Whole at Rousing Ratification Meeting Here.

The spirit of high American resolve which flashed across the continent yesterday from Marion, O., where Senator Harding uttered "a new bill of American rights," found reverberant echo last night at the great public rally held at Trinity Auditorium to ratify the nominations of Harding and Coolidge. For more than three hours an audience of representative men and women, which filled the big auditorium, paid enthusiastic tribute to the two men chosen at Chicago to lead the party to victory in November. But high above the exultant note of belief in party success that permeated the meeting was that which sounded the Republican party pledge for a return to American principles and ideals in government and its declared intention, if returned to the nation's stewardship, to recreate the spirit of constructive service at Washington.

The great gathering, arranged by the Republican State Central Committee, southern division, marked an auspicious beginning of the campaign for Harding and Coolidge in Southern California. Brought into direct contact for the first time in several years were all the various elements of the party organization in the south. It was essentially a gathering enthusiastic with party harmony, one pervaded by hearty accord. Seated side by side in an impressive group on the platform were men and women leaders long identified with Republican campaigns in the State and nation; some of them in other times split by diverse leanings and counter-attractions, but last night unanimously drawn together by the common purpose of merging their full strength into the task of winning the country back to the guarantees of Republican government.

**HARMONY KEYNOTE.**  
Chairman Edwin Meserve of the Republican State Central Committee presented Edwin A. Meserve as chairman of the meeting. Representative Julius Kahn, ranking member of the California delegation in Congress, made the principal address in which he extolled the public works and high integrity of Senator Harding and Gov. Coolidge, declaring that no two Americans at this critical time in the nation's affairs are better fitted by experience and service to fill the offices of President and Vice-President of the United States. His call for party harmony, which he said was the unmistakable augury of a Republican victory, was the signal for prolonged cheering.

Former Senator Frank P. Flint, Mrs. Florence Collins Porter and Stanley B. Wilson also spoke, each of them in praise of the Republican candidates and also to pledge their time and energies in the fight to bring an overwhelming party victory. Messages conveying hearty support to the Republican ticket from Senator Hiram Johnson, Gov. Coolidge, Gov. Stephens and Will H. Hays, Republican National Chairman, were read and applauded. In his message of good will Senator Johnson said: "I believe a great majority of the voters of the United States will in November next support Harding and Coolidge for President and Vice-President of this great republic. All factional differences in California should be forgotten that the State may do its full share in placing the Republican party in control of the national government."

**FROM WHOLE SOUTH.**  
Occupying the stage and conspicuous through the auditorium were delegations from ten counties of Southern California, comprising Harding and Coolidge Republican clubs which will actively support the ticket in the campaign. These delegates were made up largely of men and women prominent in party affairs in Long Beach, San Bernardino, Riverside, Pomona, Santa Barbara, Ventura, cities of Orange county and the Imperial Valley.

**BY MR. KAHN.**  
Representative Kahn, in opening his address, touched a responsive chord in declaring that Harding and Coolidge stood squarely for Americans for the issues which are paramount in bringing the nation back to the ideals of representative government. He spoke earnestly of their long records in public service, of their principle of law and order, of their high character and their fitness to lead the nation through the critical years to come. He declared, he also spoke of their breadth of mind in approaching questions which involved conflicting domestic interests, and added that it would be through a return to the governmental ideals as typified by Harding and Coolidge that we would prosper as a nation during the next four years.

"We can have responsible government only by putting that government in responsible hands," declared Mr. Kahn. "The last eight years, and under Democratic rule, we unfortunately have in many respects, departed from the ideals of government conceived by the founders of our government. But the day has arrived when we must turn back to these constructive ideals, or pay the penalty of woe and disaster. I am not a casualty hawker; I believe in a substitute for my government above all other governments, but I see danger signs ahead if we continue to carry the burden of Democratic extravagance and governmental blunder. We have had many sharp and costly lessons in the last eight years, but sharpest among these, is that which has proved to us that one man cannot successfully run our government. One man has tried it and failed miserably. We know that our safety as a great nation and among other nations, lies in a return to representative government, in which there shall be no taint or suggestion of autocracy. We must have no domination by those who hold the law in contempt, or who would force on us a substitute for that orderly process of government which has given us pre-eminence among the nations and peoples of the world." [Applause and cheers.] Representative Kahn discussed in

## HERCULES POWDER WORKS TO BE HUGE OIL PLANT.

### Margarine, Soap and Other Products to be Made and Vast Stock Herds Fattened; Millions Involved.

Plans for the establishment of a great oil, margarine, soap and by-products factory and a giant cattle-feeding yard at San Diego by a \$5,000,000 corporation soon to be organized here were announced yesterday by E. M. Leaf, secretary of the Los Angeles Shipbuilding and Dry Dock Company, who represents the group of business men behind the undertaking.

The corporation, to be known as the Great Western Oil Company, will take over and convert the Hercules Powder Company's plant at San Diego and will manufacture there cottonseed oil, coconut oil, soy bean oil, margarine, soap and by-products.

Represented in the company will be the principal railroad, shipping and milling companies and leading banks of the Pacific Coast.

At present an option on the Hercules plant at San Diego is held by J. H. Coverley, trust officer of the Title Insurance and Trust Company; H. E. Woolner, president of the Great Western Milling Company, of the Northwestern Milling Company and of the Western Milling Company, and Mr. Leaf, trust attorney for the Title Insurance and Trust Company. All three represent the interests which are backing the project.

Those who are interested in the project and who will be represented in the directorate of the new corporation are the stockholders of the Colorado River Land and Cattle Company, which raises thousands of head of cattle on its California and Mexican properties.

**TO FATTEN CATTLE.**  
The great feeding yard will have a capacity of 7000 head of stock, which will be fattened on the cottonseed and other products manufactured at the plants.

Conditions at the San Diego plant of the Hercules company are admirably suited to such a project, it is stated. This plant was built after the war for the manufacture of explosives from which it was adapted to the purposes for which it is now to be used and with the installation of additional machinery and equipment, the capacity will be greatly increased.

The factory is situated at Chula Vista on San Diego Bay, and the property includes twenty-two acres. It is served by Brown wharf in San Diego Bay and by the main line of the Arizona and Eastern Railroad, giving direct communication not only with the Orient, where many of the new products will be obtained, but also with the cotton and cattle producing sections of the Imperial Valley.

**OVERSEAS PRODUCTS.**  
Soy beans and molasses will be imported from Hawaii and other trans-Pacific ports direct to the big San Diego plant, and there reduced to commercial form. While a great part of the machinery now in the

## MAN AND WIFE KILLED.

Planned beneath the automobile in which they were riding, the bodies of a man and a woman, believed to be Mr. and Mrs. H. E. Odell of Long Beach, were found yesterday by B. B. Bonell and E. L. Goodrich in Boquet Canyon. Constable Collins of Newhall reported to the Sheriff's office last night. The automobile had gone over an embankment and fallen 150 feet.

Bonell and Goodrich, who were on a camping trip from San Pedro, said that the bodies indicated the man and woman had been dead about an hour and a half when found. The partial identification was made by a dealer's license card which bore the name of H. E. Odell of Long Beach. The car was a new Maxwell.

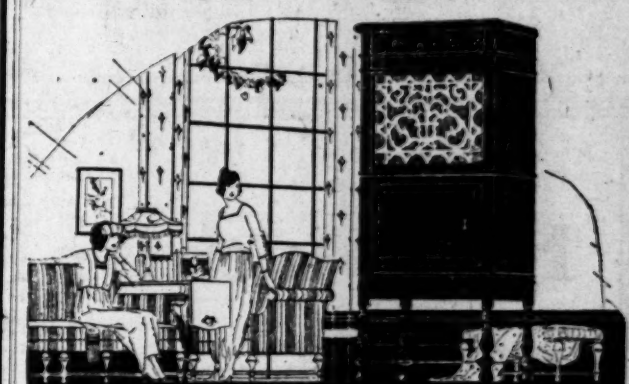

The man was about 45 years old, the woman 35. The bodies will be taken to San Fernando and held for complete identification. It was impossible to determine the cause of the accident, which occurred at a sharp turn in the narrow road, on the way to Bakersfield.

## HERE ARE ALL THE CANDIDATES.

## Why Not Buy that NEW EDISON Today?

You've been planning to buy it for months—ever since you heard it last time at a friend's house. Remember what you said?

"Really, it's incredible! I could swear Anna Case was right here in the room. I don't doubt their claim about the tone test—that you can't tell the living artist from the instrument when you hear them together."

Remember how the evening flew—how your friend played one RE-CREATION after another?

Why delay any longer? Why not have the New Edison sent out today as a surprise to your family? If you don't feel like paying in full we can arrange for payments at intervals. You gain nothing by delaying. It won't wear out, you know. It will outlive you.

Complete Catalog of Edison Phonographs and Records free on request. If you cannot call, phone or write for them.

GILL GOATS HAVE TO GO.

Federal Attorney Gets Court Order to Shoot "Butters" on Sight, Anywhere.

New comes the last reel of Mrs. Hywel C. Gill and her drove of goats. Yesterday U. S. District Judge Bledsoe signed an order authorizing the forest rangers on duty in Millard Canyon to kill the Gill goats on sight and do away with the nuisance that has been in evidence there ever since Mrs. Gill finally obeyed the demands of the Federal court that she vacate the premises that she had been occupying for many years in the Angeles National Reserve in defiance of the officials. The woman had about fifty goats, but she could not get all of them away and about a dozen have been infesting the trails in Millard Canyon. They are too wild to be caught and they utterly refuse to be "shooed." So U. S. Atty. Bryan yesterday secured the necessary authority to allow the rangers to kill the goats whenever or wherever found.

Miss Griswold's Wedding. Society generally is interested in the wedding of Miss Helen Griswold to Dr. John R. McCoy, which will take place at noon on Saturday at the residence of her grandparents, Gen. and Mrs. U. S. Hollister, at 1522 Detroit street, Hollywood. Mrs. Roy Willard, Miss Griswold's mother, of Denver, Colo., has come to Los Angeles to be present at the wedding. Only the family are to be present at the ceremony, which will be performed by the Rev. Arthur Rider.

The bride will wear a gown of white Georgette crepe and Valenciennes lace, and a tulle veil caught up with orange blossoms. Her bouquet will be a shower of Onchella roses. Her cousin, Miss Mabel Moore, will be maid of honor, gowned in orchid tulle and silver organza. Lon McCoy, the groom's brother, will be best man.

The wedding will be followed by a breakfast party, after which the bride and groom will depart on a three weeks' motor trip, returning to their new home on Wilton Place in August.

The house will be parlanded in smilax and palms, and soft harmonious music will enhance the charm of the occasion.

NO ONE has a monopoly on good taste in furnishing a home and no one store can hope to carry in stock everything that everyone wants, but we do claim, and justly, that our assortment of home furnishings is one of the choicest and best selected in the entire West and that our prices are consistently lower. We know that this statement will be disputed by contemporaries and we shall not attempt to prove it here—all we ask is that interested parties make a careful comparison of values. That such comparisons redound to our credit is evidenced by our constantly growing business in cities outside of Pasadena.

Our experience in furnishing the fine homes of Pasadena is in demand wherever better homes are in prospect and to limit our activities to one city would deprive many people of the unusual opportunities afforded here for the economical purchase of correct home furnishings of dependable quality.

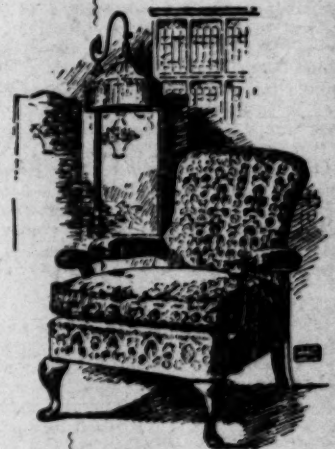

For, because we transact a large volume of business under comparatively low expense in a location that is easily accessible to everyone in Southern California, we can and do sell on a cash basis at lower prices without sacrifice of quality or service.

AMERICAN TEAM  
WINS AT TRAPS.

Takes First Round at Antwerp  
With Decided Ease.

Frank Troeh Hits Flying Bird  
in Perfect Style.

Belgium Squad is Second;  
England and Canada Tie.

(BY CABLE AND ASSOCIATED PRESS.)  
ANTWERP, July 22.—The Ameri-  
cans led their nearest competitors,  
the Belgians, by twenty-seven tar-  
gets at the end of the first day's  
team match in the Olympic trap-  
shooting competition. With 180  
targets remaining to be shot tomor-  
row, the scores out of a possible  
630 were as follows:

America, 388; Belgium, 361;  
Sweden, 355; Canada, 350; Great  
Britain, 343.

ANTWERP, July 22.—The Ameri-  
can team was an easy winner in the  
first round of the Olympic trap-  
shooting competition shoot this  
morning, scoring 115 out of a pos-  
sible 120 birds in the team shoot,  
each man shooting at twenty tar-  
gets.

The Swedish team was second with  
107 birds, England and Canada were  
tied with 104 each. Belgium's  
score was 102, Holland's 97, Nor-  
way's 90 and France's 87. The  
shooting will continue in the second  
round this afternoon, each man  
shooting at 20 targets, after which  
the elimination process will be be-  
gun. Only eight teams finally de-  
cided to compete, Denmark and Fin-  
land withdrawing.

The six men in the team shoot  
are J. Clark, captain, of Worcester,  
Mass.; Horace Bonser of Cincinnati,  
Frank M. Troeh of Vancouver,  
Wash.; Mark Aris of Thomahovo,  
Ill.; Frank S. Wright of Buffalo,  
N. Y.; and Forest W. McNier of  
Houston, Tex. The two others, J. and  
B. S. Donnelly of Chicago, are remain-  
ing in reserve for the individual  
team.

Troeh had a perfect 25 in this  
morning's shooting. Each of the  
others missed one target.

FAVORITES DRUBBED

(BY A. P. NIGHT WIRE.)  
KALAMAZOO (Mich.) July 22.—  
A monster crowd turned out for  
Kalamazoo Day at the Grand Cir-  
cus, and the onlookers wit-  
nessed a slaughter of favorites in  
the three of the four events. In the  
2:02 pace Louis Grattan, after win-  
ning the first heat, was decisively  
beaten by Johnnie Quirk in the sec-  
ond heat, and by Goldie Todd in  
the third and fourth heats.

Royal Palm, son of Peter the  
Great, driven by Charlie Valentine,  
won the \$3000 purse for 2:13 trot-  
ters in straight heats. The average  
time, 2:06, was fast for the class.  
Cegantic took the first and then  
Don De Lopez, driven by Geers,  
was best liked in today's 2:05 trot.

PORTERVILLE GIVES

(SPECIAL CORRESPONDENCE.)  
PORTERVILLE, July 22.—Porter-  
ville is no longer in the San Joaquin  
Valley Baseball League. The local  
team took over the membership of  
the Exeter team when that club gave  
up the contest some weeks ago.  
From the first the local fans have  
been doomed to disappointment, as  
being late in the season good men  
were almost impossible to secure  
and salaries out of reach.

Manager Britton and other mem-  
bers of the athletic committee have  
made every effort to secure proper  
material and not caring to play a  
losing game too long have given up  
the franchise. There is some talk  
of organizing a team to represent  
Exeter, Lindsay and Porterville.

## ADOPTED HER IS LOSER.

in Battle for Half of  
Cathman's Estate.

Finds no Contract to  
Girl All Existed.

Mother's Sister  
Part Deeded Her.

Decision of Judge Shank  
in favor of Mrs. Lydia  
Mrs. Gladys Corison, the  
daughter of Jerome Troy  
who wife, loses her claim to  
half of Mrs. Troy.

Mrs. Troy was a large land owner  
and raiser of Raton, N. M.  
and so children. After the death  
of her husband, she received half of the  
other half going to the  
daughter, who lived in Hollywood.  
She married and moved to Long  
Beach, where she subsequently  
deeded her estate to her sis-  
ter, Mrs. Williams.

Mrs. Williams made a suit to set aside  
the deed before the latter's death,  
ground that they were with-  
out consideration; she also said an  
instrument had been made in Raton  
which she was to inherit the  
estate.

Judge Shank held that the deeds  
delivered during the life-  
time of Mrs. Troy and that the con-  
sideration by Mrs. Corison had  
been entered into.

### OFFICER COMING TO TAKE SPINNING BACK.

Undersheriff Manning received a  
telegram yesterday from M. P. Capps,  
warden of the State reformatory, at  
Buena Vista, Colo., asking that Clyde  
M. Spinning, alias Bissell, who  
clothed with Elizabeth Mages, be held  
until the requisition papers and an  
officer can reach Los Angeles. He  
states that Spinning is an "escape  
from the institution" and that there  
is a long term of imprisonment ahead  
of him.

## This Woman's Success Might Easily be Yours

The Inspiring Story of a Montana Housewife  
Who Made Good as a Photoplay Writer.

### How About You?

"Never tried to write"—"no de-  
sire to write"—and yet potentially  
an excellent photoplay writer! May  
not that be exactly your situation?  
The possibility is well worth find-  
ing out. For you would have just  
as quick a sale for your first ac-  
ceptable photoplay as did Elizabeth  
Thacher. In fact, if a thousand  
available new stories were offered  
to producers today, they would be  
eagerly bought at prices ranging  
from \$100 to \$3,000. New stories—  
more stories—better stories—is the  
incessant cry of every producer.

### The Surest Way to Success—

#### The Palmer Plan

Born of this overwhelming de-  
mand for trained photoplay writers,  
the Palmer Photoplay Corporation  
has become recognized as the lead-  
ing educational institution for in-  
struction in the art of photoplay  
writing. It has won this recognition  
by three important advantages:

1. Its intimate contact with the  
majority of producers.
2. The simple, scientific, yet thor-  
oughly practical methods of  
instruction it employs.
3. Its easy availability.

The closest contact with the mo-  
tion picture industry is made possi-  
ble by the location of the Palmer  
Photoplay Corporation at Los An-  
geles—the heart of filmdom. More-  
over, its Advisory Council consists  
of the following noted motion pic-  
ture authorities:

Cecil B. de Mille, director general  
of Famous Players-Lasky Corpora-  
tion; Thomas H. Ince, head of the  
Associated Producers; Lois Weber,  
foremost woman director; and Rob  
Wagner, widely known writer and  
film expert.

Frederick Palmer, the man who  
wrote 52 produced scenarios in nine  
months, is Director of Education.  
And every member of the faculty  
has been a practical photoplay-  
wright. Contributing an exceedingly  
practical element to the course are  
lectures by some of the brightest  
minds of the photoplay profession—  
Frank Lloyd and Clarence Badger,  
Goldwyn directors; Jennie Mac-  
Pherson, noted scenario writer; Al  
E. Christie, president Christie Film  
Company; Col. Jasper Ewing Brady  
of Metro's scenario staff; George  
Behan, distinguished actor, writer  
and producer; Hugh McClung, ex-  
pert cinematographer; Eric How-

ard, co-author of The Photoplay  
Plot Encyclopedia; Kate Corbale,  
well-known author and playwright.  
The Palmer Course is simple,  
practical and complete. It trains  
you thoroughly in the technique of  
the photoplay, a technique which,  
while not difficult to learn, is abso-  
lutely indispensable.  
Making the Palmer Course easily  
available to practically everyone  
who desires to learn photoplay writ-  
ing, is the fact that it is taught by  
correspondence.

### Sells Your Acceptable Photoplays

THE Palmer service includes  
the largest photoplay sales  
bureau in the world. To it  
the leading producers are coming  
constantly for new material. And  
by means of it you, as a Palmer  
student, have a representative right  
in the studio, to sell every success-  
ful photoplay you can write.  
Through this bureau many students  
have achieved striking successes. A  
number have already taken high-  
salaryed staff positions; several are  
now at the head of producing com-  
panies. One student, a former min-  
ister, sold his first play for \$3,000.

### The Same Coupon

Elizabeth Thacher took the trouble to  
mail a coupon that opened the way to a  
brilliant success. You will find just such  
a coupon attached. Clip it and mail it,  
and we will send you the same two  
books as she received—"The Secret of  
Photoplay Writing" and "Proof Positive"  
—containing the same preliminary  
test which proved so illuminating to her.  
We treat all correspondence as con-  
fidential, and will send you these publica-  
tions without the slightest obligation on  
your part. Prompt action by you in  
this matter may easily be the means of  
enabling you to duplicate the success so  
strikingly achieved by Mrs. Thacher.  
So fill out this friendly invitation  
while the thought is fresh in your mind.

Palmer Photoplay Corporation,  
Department of Education,  
555 I. W. Hellman Bldg.,  
Los Angeles, Calif.

Please send me, without obli-  
gation, your new book, "The Secret of  
Successful Photoplay Writing." Also  
"Proof Positive," containing Success  
Stories of many Palmer Members.

## TO END KILLING OF SEALS

Supervisor McClellan has discov-  
ered that there is an ordinance pro-  
hibiting the killing of seals in wa-  
ters within the jurisdiction of Los  
Angeles county. The ordinance was  
passed in 1903, making it a misde-  
meanor, punishable by fine and im-  
prisonment, to slay either seals or  
certain fish that are specifically  
named.

Mr. McClellan yesterday notified  
the Fish and Game Commission of  
the existence of this ordinance, so  
that the killing of seals in the wa-  
ters surrounding Catalina Island  
may be stopped.

His action was prompted by a  
report made to the commission last  
Monday that seals are being slaugh-  
tered off Catalina, and by the state-  
ment of the commission that there  
is no State law to prevent the  
butchery.

The report was made by William  
H. Taylor, an oil promoter, who has  
stated he and two other men

watched foreigners in a fishing boat  
club to death and skin three seals  
near the Seal Rocks last Saturday.  
With Mr. Taylor at the time were  
Capt. George L. Read of the launch  
Ramona and Fred H. Hammer. Mr.  
Taylor was told by representatives  
of the Fish and Game Commission  
that the only law to protect seals  
in Southern California waters is an  
act passed by the Legislature in  
1909, which makes it a misdemeanor  
to kill, injure or capture seals in  
the Santa Barbara Channel.

### BONUS TO EMPLOYEES.

Grocery Company Adds to Prof-  
it-Sharing System.

The Sam Seelig Company, gro-  
cers, announced yesterday the pay-  
ment of a bonus to all employees,  
excepting sales people, who have  
been in the service of the company

four months or more. This same  
company has had a bonus system  
in operation in the sales department  
for a year, paying out to sales peo-  
ple, who have been in its employ  
four or more months, a percentage  
of the gross sales or of the sales in  
individual branch stores.

### AMATEUR OARSMEN

GET READY FOR RACE.

(BY A. F. NIGHT WIRE.)  
WORCESTER (Mass.) July 22.—

The country's strongest oarsmen,  
those of the colleges and rowing  
clubs, together with others of less-  
er ability, tested their sweeps and  
slides today in practice heats, where  
the National Association of Amateur  
Oarsmen will hold their annual  
meet tomorrow and Saturday.

The honor of selection as the  
rowing representatives of the United  
States at the Olympic contests,  
added to the championship honors,  
draw an entries' list seldom equaled.

# Save Money—Put Goodyear Tires on Your Small Car

Avoid disappointment with tires  
made to be sold at sensationally  
cheap prices by using Goodyear  
Tires built to deliver maximum  
mileage at minimum cost.

The high relative value built into  
Goodyear Tires, of the 30 x 3-, 30 x  
3½- and 31 x 4-inch sizes, results from  
the application of Goodyear experi-  
ence and care to their manufacture  
in the world's largest tire factory  
devoted to these sizes.

Such facts explain why more cars,  
using these sizes, were factory-  
equipped last year with Goodyear  
Tires than with any other kind.

If you drive a Ford, Chevrolet, Dort  
or Maxwell, take advantage of the  
opportunity to enjoy true Goodyear  
mileage and economy; equip your  
car with Goodyear Tires and Heavy  
Tourist Tubes at our nearest Service  
Station.

30 x 3½ Goodyear Double-Cure Fabric, All-  
Weather Tread \$23.50  
30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid  
Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price  
you are asked to pay for tubes of less merit—why risk costly  
casings when such sure protection is available? \$4.50  
30 x 3½ size in "waterproof" bag

**FLASHES.**

**AHEAD OF SCHEDULE.**

**MOROSCO PICTURES TO START EARLY NEXT MONTH.**

By Grace Kingsley.

The affairs of the new Oliver Morosco Productions, Inc., are so shaping themselves that actual filming in the Los Angeles studio will begin in advance of the date originally set, according to announcement issued by the Morosco offices yesterday. Mr. Morosco, now in New York, will return soon to Los Angeles with an armload of new manuscripts to be produced for the screen. In addition to the stage stories which are now in the scenario process.

General Manager George R. Bentel, who is in charge of the affairs here, says that the organization is practically completed for the beginning of actual studio operations August 10. The location of the Morosco studio will be announced next week.

It is probable that Miss Fulton's latest and what bids fair to be her greatest success, "The Humming Bird," which started on its brilliant flight at the Little Theatre here this week, will be the first of the pictures filmed by the Oliver Morosco Productions, Inc. Already this story is being written into scenario form, and it is likely that Miss Fulton, with the other members in the cast, including Henry Walthall and Harlan Warner, will be seen on the screen. In the parts which they have so cleverly portrayed on the stage.

Speaking of Miss Fulton, that industrious young woman has another play which is to be presented following "The Humming Bird." It is called "Sunny" and is entirely different from anything that Miss Fulton has done before. This play also will be filmed after its stage presentation here.

"Linker Longer Letty," with Charlotte Greenwood in the leading role, is another of the Morosco successes soon to be filmed. "The Clam Digger," which is to have its premier next week at the Morosco, is also said to have great picture possibilities.

Gift to Nazimova. Mrs. Nazimova is the proud possessor of a beautiful Japanese kimono, the gift of young Miss Mason, the foremost stage actor in Japan. The distinguished Japanese actor was a visitor at Mrs. Nazimova's home this week. He brought the kimono from Japan especially for the star.

Anita will sail. When Anita Stewart goes home to her Long Island residence, which will be in course of a fortnight, she is going to make preparations for a very pleasant summer. Friend husband, Rudolph Cameron, owns a motorboat, and she is looking forward to a pleasant trip. But this is not all. She has set her heart on learning to sail a boat, and when she returns home she hopes to own a yacht of her own, and become a member of the local yachting club.

Soft for Blackwood. At last John Blackwood has got "it." That's what the critics are saying. He is probably the most envied man in New York at the present moment. You see Mr. Blackwood has just arrived in the eastern metropolis, where the task Mr. Ince has set him is nothing less than the selection of a number of pretty young actresses whom he will bring back with him to the Ince studio when he comes to make his selection in hazy fashion. Not to be selected in hazy fashion. In fact, Mr. Blackwood will move down Broadway with a list in his hand. This list contains the names of certain actresses whom Mr. Ince wishes to engage for leading roles in a number of his forthcoming productions which he will produce for Associated.

Lloyd Hughes vacations. Lloyd Hughes, Thomas H. Ince's latest juvenile star, has just completed a leading role in the Ince "dance special," "Bea Reveal," and is awaiting the start of his next picture under the moaning pipes of Bea Valley.

Far from the madding camera, Lloyd is giving his two little brothers a few lessons in the art of bringing home the Bear Valley trout.

Which Shall It Be? Whether to remain in the West or go back to New York is the question now agitating the broad and many bosom of James Morrison, who is playing the lead opposite Anita Stewart in "Sowing the Wind," which John Stahl is directing for Louis B. Mayer. Mr. Morrison was engaged for one picture, but has received an offer from one of the big firms, and is trying to make up his mind whether to fit or stay.

Mr. Morrison has done only one or two pictures since being discharged from service in the United States Army, but is so pleasantly remembered from the Vitaphone days, when he costarred with Norma Talmadge and others, that his services are much sought after.

Frank Mayo's New One. Frank Mayo is shortly to be presented by Universal in a screen version of "Dave Crockett," made famous by his father and grandfather on the stage.

William Farnum Will. Whether he catches that broadbill swordfish he has been working for or not, William Farnum, Fox star, is going to return to New York next Sunday. He is to take a vacation, it is expected, until January 1, but those who know him declare that he'll be so full of pep in about a month that nothing can possibly keep him from going to work again.

Polo Circuit Bulletin. A small matter of 1500 miles or thereabouts means nothing at all to the lives of motion picture folks. J. P. McDowen, who is directing Eddie Polo in the Universal serial, "The King of the Circus," thought of a good circus incident to embody in the third episode, a scene that could not be secured anywhere except during an actual performance in a circus. Eddie happened to know that the Robinson show are going in Denver this week. So taking the necessary members of the company and a cameraman they started East. He is expected back at Universal City in a few days with 100 feet of film.

Scene Omen to Remain. Due to illness, Scene Owen doesn't expect to go to New York, after all, before November 1. She is rapidly recovering, but doesn't want to leave home until she feels as strong and well as of yore. Due to the fact she has large oil land holdings in Texas, she will make a trip via the Southern Star.

Marshall Neilan has assembled his "Dinky" players and taken them to San Francisco for scenes for this production. A fortnight ago Mr. Neilan made the trip to get some scenes in San Francisco's Chinatown, but after his return to his Hollywood studio he decided to embellish the production with more of this atmosphere, hence the return trip. While in the northern city he will also take some scenes, using the Chinese lad, Walter Chung.

Mr. Neilan intends to remain in San Francisco all week in order that the members of his company can take part of the First National

It is just possible that Maude Fulton's brilliant play, "The Humming Bird," now at the Little Theatre, after making its debut at the Mason, negotiations to that end being under way. "The Humming Bird" has been so successful that the Little Theatre is turning hundreds of people away, and the advisability of moving the show to the larger house is now being considered.

Eva Novak Stars. A new story produced by a new director is the latest event at Universal. Eva Novak is the star and is appearing in "Kate Plus Ten." The production of the picture has been started by Stuart Paton.

Hallam Cooley, who recently played a prominent part in "The Appointed Hour," received a letter from Westbrooke, Va., a few days ago, in which the fair admirer declared she was sending him a complete still, ready for operation. When Cooley received the gift, he discovered he had lost the letter. So now, of course, there is nothing to do but accept it.

Read with Associated. J. Parker Read has become a member of the Associated Press, according to announcement received yesterday. This is in fulfillment of a prophecy made some time ago in this column.

The producer has made a big name for himself, as well as a number of successful pictures, and has as his stars Hobart Bosworth and Louise Glum.

Outdoor Idea Popular. The outdoor theater idea seems to be growing apace in Southern California. Now that the Theater Arts Alliance project in Hollywood is progressing very favorably, it appears that Pasadena will be the next formally to inaugurate a series of open-air productions. The first of these is to be staged next week, the play chosen being Shakespeare's "Merry Wives of Windsor." The opening presentation will be given Wednesday night.

This enterprise is under the control of the Pasadena Community Playhouse Association, which has successfully produced plays the past several years in the Crown City. The open-air theater is a new feature of their establishment. It is located in Riverside Park, and will accommodate about 1500 persons.

Among those who will take part in the play, are Glimor Brinn, Mrs. A. H. Patterson, Florence McCaffee, Thyrha Ruhland, Edward Murphy, Fisher Joy, Franklin Thomas, and Victor Jory.

To Note Emotions. Very careful preparations are being made to study the effect of a picture on the audience in the instance of "Passers By," the J. Stuart Blackton feature, which will show next week at the Capitol Theatre in New York. Special representatives of the producing interests are to be on hand in each case to take note of the comments and the emotional effect of the feature. C. Hadton Chambers, author of "Passers By," will attend the New York showing, while a company representative is to attend here.

New Rialto Organist.

Old Grauman announces the signing of Henry B. Murtagh as feature organist at the Rialto Theatre. Only thirty years of age, Murtagh was at one time a concert pianist of considerable reputation on the Atlantic Coast. His first organ playing was in 1914, when he accepted a position in Pittsburgh, although possessing no knowledge of the orchestral organ or even the conventional pipe organs. He has since achieved note from coast to coast, playing in New York, Denver, Portland and Seattle. He believes that music is more convincing when played accurately by memory and has memorized nearly 3000 selections. It is said.

Gerard to Direct Dorakina. Douglas Gerard will direct Mme. Dorakina in her first Metro starring picture, "Passion Fruit," the filming of which is scheduled to start next week. Mr. Gerard has been directing for several years, having been associated a greater part of the time with Universal, and "Passion Fruit" is a story written by Carey Wilson and adapted for the screen by Edward Lowe, Jr.

JAPANESE FILM PLAY. Showing of Oriental Feature Tomorrow Night.

The art of Japan with which most Occidentals have only a slight acquaintance through occasional specimens of old vases, carpets, fans, rare tapestry, or a haunting print, is to have an adequate and unusual interpretation. It is promised tomorrow and Sunday nights, in the Buddhist Temple, 323 Jackson street.

The original inspiration for the evening's entertainment was a film play recently made by Dudley Murphy and C. B. McGeehe, based upon a Japanese legend. The setting and costumes were very scrupulously copied from Japanese paintings and prints, and other illustrations, and the locations for the various scenes were either Japanese gardens or natural scenery identical with that of Japan. Very rich and rare Japanese robes were furnished for some of these scenes from certain collections owned by Japanese actors and artists in Los Angeles.

Mr. McGeehe, the director, lived in Japan for a considerable period, and at one time was the inmate of a famous temple at Kamakura, the home of the Japanese poet and essayist, Yone Noguchi, from whom Mr. McGeehe obtained much help in his studies.

The film play is based upon a dramatic tradition of Japan of the antique aristocratic type, and has nothing whatever to do with the popular long-winded narrative plays of the people, which exhaust the Occidental audience. There are in the Japanese colony of Los Angeles, certain actors, scholars and artists who have enthusiastically co-operated.

In connection with the film, a diversified program will be given, an ancient Samurai sword dance, by S. Anzai, will be a number. Yanos and Fudo, Japanese actors, will give selections on the harp-like koto. A group of Gaijins will interpret some dances. Takemasa, Yano, Kametani, Ono and Yano will then demonstrate the concert possibilities of the koto, and finally the samurai selection will be played by Nagasaki, Mitsu, Hashi, Yamamoto and Ietsuya.

**FLASHES.**

**AHEAD OF SCHEDULE.**

**MOROSCO PICTURES TO START EARLY NEXT MONTH.**

By Grace Kingsley.

The affairs of the new Oliver Morosco Productions, Inc., are so shaping themselves that actual filming in the Los Angeles studio will begin in advance of the date originally set, according to announcement issued by the Morosco offices yesterday. Mr. Morosco, now in New York, will return soon to Los Angeles with an armload of new manuscripts to be produced for the screen. In addition to the stage stories which are now in the scenario process.

General Manager George R. Bentel, who is in charge of the affairs here, says that the organization is practically completed for the beginning of actual studio operations August 10. The location of the Morosco studio will be announced next week.

It is probable that Miss Fulton's latest and what bids fair to be her greatest success, "The Humming Bird," which started on its brilliant flight at the Little Theatre here this week, will be the first of the pictures filmed by the Oliver Morosco Productions, Inc. Already this story is being written into scenario form, and it is likely that Miss Fulton, with the other members in the cast, including Henry Walthall and Harlan Warner, will be seen on the screen. In the parts which they have so cleverly portrayed on the stage.

Speaking of Miss Fulton, that industrious young woman has another play which is to be presented following "The Humming Bird." It is called "Sunny" and is entirely different from anything that Miss Fulton has done before. This play also will be filmed after its stage presentation here.

"Linker Longer Letty," with Charlotte Greenwood in the leading role, is another of the Morosco successes soon to be filmed. "The Clam Digger," which is to have its premier next week at the Morosco, is also said to have great picture possibilities.

Gift to Nazimova. Mrs. Nazimova is the proud possessor of a beautiful Japanese kimono, the gift of young Miss Mason, the foremost stage actor in Japan. The distinguished Japanese actor was a visitor at Mrs. Nazimova's home this week. He brought the kimono from Japan especially for the star.

Anita will sail. When Anita Stewart goes home to her Long Island residence, which will be in course of a fortnight, she is going to make preparations for a very pleasant summer. Friend husband, Rudolph Cameron, owns a motorboat, and she is looking forward to a pleasant trip. But this is not all. She has set her heart on learning to sail a boat, and when she returns home she hopes to own a yacht of her own, and become a member of the local yachting club.

Soft for Blackwood. At last John Blackwood has got "it." That's what the critics are saying. He is probably the most envied man in New York at the present moment. You see Mr. Blackwood has just arrived in the eastern metropolis, where the task Mr. Ince has set him is nothing less than the selection of a number of pretty young actresses whom he will bring back with him to the Ince studio when he comes to make his selection in hazy fashion. Not to be selected in hazy fashion. In fact, Mr. Blackwood will move down Broadway with a list in his hand. This list contains the names of certain actresses whom Mr. Ince wishes to engage for leading roles in a number of his forthcoming productions which he will produce for Associated.
